Testimonials

"When schools flourish, everyone flourishes", As 'Friends Of School' (FOS), we can definitely say that TVIS is in its flourishing stage. The tagging system (access control and monitoring) anchored all the anxious minds in a safe shore. The different activity clubs pour colours and ideas to the little minds. Hats off to the enthusiastic innovators. Periodic feedbacks taken from 'FOS' put forward a platform to express. The ENTAB (Web based student information software) is doing everything in a click and of course saving many trees. Overall, the 'feel free to approach' attitude of our dear principal adds to this. As parents of three Villageons, we are happy and proud to be a part of this wonderful school.
